

AURO Incubation and Innovation Committee

Objectives: In its endeavour to build foundations for responsible entrepreneurs, AURO incubation and innovation cell (AIC) aims to create an ecosystem that shall facilitate student's aspirations by mentoring and supporting ideas that are ethical, socially responsible and sustainable. AIC aims to encourage and focus on idea generation in this journey in order to accelerate the chances of entrepreneurial success during the "Festival of Ideas"

About AIC:

The **AURO Incubation and Innovation Cell (AIC)** has come into existence in August 2017. It is an initiative of faculty members of Auro University, and is a platform for entrepreneurship initiatives at AURO University. AIC has envisioned to be a premier incubation cell serving students who believe in creating businesses with a conscience. Through academic and pedagogical initiatives in the form of workshops, boot camps, events and publications, AIC shall create an ecosystem of development of entrepreneurs who shall create employment in the future.

Members:

1. Dr. Meghna Dangi- Chairperson
