

AURO University Mentorship Cell

Initiatives:

Launch of AURO University Mentorship Program –CARE's across AURO University on 14th February, 2018

AURO believes in quality mentoring relationship and positive outcomes in the areas of Mental, Physical, Vital and Spiritual growth of the students. Many of the questions and pre-conceived notions of the students of AURO will be responded and answered through this program. Auro University Mentorship Program CARE's is being designed with an intension to guarantee every young student of Auro University that there is someone who cares about them. They are not alone in dealing with day-to-day challenges and issues. Through this program, Mentors will provide their mentees with an experienced friend, philosopher and guide who is there to help them in any number of situations with high sense of responsibility, commitment and dignity keeping view of all 12 core values of Auro University. Effective mentoring relies on positive relationships that are developed in a professional manner. The mentor is, by the nature of their role, in a position of trust, authority and influence. Mentoring is a long term commitment between mentor and mentee and ensures physical, mental, vital and spiritual development of both in a holistic manner. A mentor has a significant impact upon mentees' educational progress, social and emotional wellbeing and positive behavioural transformation.

Objective:

- To Cultivate a conducive environment for innovative Integral and experiential learning
- To Allow and encourage independent thought for being self-sufficient decision makers and problem solvers
- To promote open communication within the team for maintaining harmony and peace
- To foster a reciprocal foundation of trust and respect
- To Build stronger leadership and management skills among our students who will further contribute in nation building at all levels and professions
- To Facilitate adoption of business best practices to accelerate business growth
- To Acquire new business opportunities and market accesses with an ability to understand the needs of community as a whole
