

What the Industry Experts Say...

Mr. Ravi Katare,
Sr. Vice - President, Bank of America,
New York, USA

"It has been an amazing experience in AURO University... full of peace with friendly environment... observed the excitement for learning among the students... so focused with full of alertness. Felt really delighted between such enthusiastic students, surely they will be successful in developing their career for the upcoming IT world. Such moments are to cherish... happily accepted to be a part of this University as member of Advisory Board to keep on visiting... will always be connected to help and support as much as I can.... May divine bless the future aspirants of IT."

"... My interaction with the students was amazing as the core values of Auro University are reflected in all the students...humble, polite, professional and courageous at the same time.

We liked the way students asked questions, being on time for meeting and most important show signs of becoming hard core IT professionals."

Mr. Laxmikant Purohit,
Consultant & Expert Trainer,
KAVALUS INC. USA & INDIA

Mr. Suraj Bhan,
Head, Information Technology
JHM Hotels India

"I feel proud on my association from last three years to work with such vibrant IT students of AURO University..."

One of their software of H2H for facilitating AYS with IDC is currently being implemented live in Taj Gateway, Courtyard Marriott and La Grace (Puducherry)....

Students and faculties are superbly nice, I would like to thank especially Dr. Sharad Raghuvansh...

Wish all students very best for their future and career!!!"

“... I never experienced the level of intellectual discourse and enthusiasm from students as I did when I had delivered the talk on machine learning...The biggest challenge for Indian Universities is keeping higher education in India at par with global education standards while retaining Indian ethos...it is for sure that AURO University has initiated this process with acclaimed success...

Their passion for quality makes them choose their faculty from the highly qualified and experienced resources...”

Mr. Tejesh Patel
Director,
Strategic Alliance, Surat

Mr. Sushant Sahdev,
Senior Software Engineer,
Price Waterhouse Coopers, India

“... I really appreciate that the faculty and management are giving this type of opportunities to students to understand and help to set their goals and grow better professionally & personally.

It was an overwhelming response from the students and loved to share my experience with them in guiding them...”

“It was an amazing and beautiful experience with School of IT, skilled and well qualified faculties who are well ahead in knowledge with current trends and technologies...”

Auro University has one the best infrastructure with mixture of ancient and modern India which facilitates the student to learn about ancient Indian (Bharat) and current Indian traditions and culture with their daily study.”

Mr. Ashish Kumar Singh,
Senior Software Development Engineer,
Emtec Technologies Pvt Ltd, Pune
(HQ: USA)

**Mr. Neeraj Pandey,
Senior Software Engineer,
SB Soft Technologies, NOIDA**

“...I was surprised to see the potential of students. They were so much technically sound and all credit goes to their faculty who empower them...”

The students have been fostered to be “humane professionals” in every act and there is no doubt that every outgoing batch... will indeed reach greater heights in personal life and become future IT leaders in their professional life.”

“...This university holds its uniqueness for Integral Education as one of its kind in the world. Many notable achievements have been recorded here which came to my notice. I personally visited this university only once but had a lot of amazing experiences with the supporting staff, very cordial, disciplined team of faculty members and very talented students...”

I am really happy to know that couple of Masters’ Programs have been launched by the School of IT...God bless!”

**Mr. Praveen Soni,
Director,
SB Soft Technologies, NOIDA**
