

## Workshop on “Develop and Development Dimensions an insight from IT Industry”

(Date: 07<sup>th</sup> October, 2016)

**Indecomm, Bengaluru** conducted Workshop on 07.10.2016 on ‘**Develop and Development Dimensions an insight from IT Industry**’ by Mr. Sushant Sahdev, Sr. Software Engineer. He has shared his experiences within the current industry and even from the previous one in Infosys, Bengaluru, now in PriceWater Cooper. He gave valuable inputs of seriousness towards aptitude tests conducted by the industries, shown some live demos of Node-JS, Angular-JS, Mongo DB and JIRA technologies used for certain development of software and websites. Agile methodologies, and IT industries like Apple, Infosys, TCS, Wipro, etc. are sometimes clients to each other for their software development, testing and production for multiple purpose. This was attended by all from School of IT within AURO University.
